

Yiu Tung Baptist Kindergarten

Notice

Dear Parents,

Owing to the increment of confirmed and probable cases of novel coronavirus (COVID-19) recently, the Education Bureau (EDB) announced that class suspension of all schools will be extended (the earliest class resumption date is April 20, 2020) in order to protect the health of children, they also suggested children should go out less, stay at home and avoid human gridlock in the public area. As the COVID-19 has 14 days incubation period, if students travelled to other countries/areas during school holidays, please stay at home and avoid close contact with other people for at least 14 days after returning to Hong Kong; please consult a doctor promptly if experiencing any symptoms. Our kindergarten has the following special arrangements:

- 1) Our campus and classrooms are disinfected and cleaned more frequent during the holidays.
- 2) School buses service will be suspended; all vehicle compartments and facilities will be disinfected before class resumption. Students should wear surgical masks when they are travelling on the school buses.
- 3) Parents can collect worksheets at our kindergarten from Mar 06 to Mar 13, 2020; or download from our website for home self-study.
- 4) Our teachers will keep contact with parents to grasp the health situation of students.
- 5) All interest classes are postponed during school holidays.
- 6) K2 and K3 outings during March to May are all cancelled.
- 7) All teaching syllabus and learning progress will be adjusted after class resumption.

Should you have any queries for the above arrangements, please feel free to contact our teachers by phone.
